

ALEX O'NIONS

GAMES PROGRAMMER

OBJECTIVE

To design unique, engaging gameplay systems through creative problem-solving, technical curiosity, and strong collaboration. Building on my experience developing mechanics in team-driven projects like Dare Academy, I aim to keep growing my skills and contribute to imaginative, polished game experiences.

EXPERIENCE

ABERTAYS DARE ACADEMY FINALIST (2025)

May 2025 – Sep 2025

- One of six teams selected for Abertay's industry-facing competition.
- Worked in an Agile/Scrum workflow with stand-ups, sprint goals, and iterative delivery.
- Collaborated with a multidisciplinary team of 8, adapting to evolving design needs.
- Developed weapons systems, UI features, and gameplay logic in UE5.
- Integrated mentor feedback, identifying issues and delivering solutions under tight deadlines.

HONOURS PROJECT — Procedural Sword Generation (Unity, C#)

Ongoing

- Built a procedural sword-generation system using C#, Scriptable Objects, and runtime mesh assembly.
- Designed modular architecture enabling scalable content creation.

GAME MECHANICS -MESH CUTTING (3RD YEAR PROJECT)

Sep 2024 – Dec 2024

- Built a real-time mesh-cutting mechanic using C++ and procedural meshes.
- Solved slicing, normals, and reconstruction challenges under tight deadlines.

PROFESSIONAL PROJECT (3RD YEAR UNIVERSITY)

Jan 2023 – May 2023

- Built core collision and physics systems in a proprietary in-house C++ engine (PS5 dev kits)
- Delivered stable gameplay logic in a production-style environment (NDA-restricted)
-

PERSONAL PROJECT — BA-BA BANG! SHEEP (UNITY, C#)

- Developed core gameplay, interactions, UI flow, and scene management in Unity (Ongoing).

Leuchars, Fife, Scotland

SKILLS

Languages: C#, C++, Python

Engines: Unity, Unreal Engine 5 (UE5)

Frameworks/Tech: SFML, OpenGL, PS5 dev kits

Core Skills: Gameplay Programming, OOP, Design Patterns, AI Behaviours, Procedural Generation, Debugging & Optimisation

Workflow: Git, Agile/Scrum, Rapid Prototyping, Cross-Disciplinary Collaboration

Other: Game Development, Communication

EDUCATION

ABERTAY UNIVERSITY, 2022-2026

BSc, Computer Games Applications Development

ABOUT ME

I thrive on creating unique, fun game experiences and contributing to collaborative communities. Outside of development, I stay creative through game jams and storytelling in Dungeons & Dragons, which continually strengthen my teamwork, communication, and problem-solving skills.
